When accessing Library resources off-campus, you will first need to go to the [Library website](#) and link to them through there. This includes all electronic resources. Linking from the Library website will ensure you get full-access to the resources you need. When asked for your login, enter your first and last name and your library barcode, which is found on the back of your library card.

Don't have your library card on you? No problem! Give us a call at 707-638-5300 or [email](#) us and we'll look it up for you.

For more information about accessing the Library's resources remotely, please visit the [Remote Access](#) page on the Library's website.

Observation of the Jewish Sabbath

Touro University California is closed for all business on the Jewish Sabbath and on Jewish holy days. However, the Library is open for students to use as a study hall. This means you can bring your laptops to study and use the print resources, but there will be no library services available, including circulation

In the *Silent Reading Area*, there is no talking and no food. Drinks in spill-proof containers or with lids are permitted. Again, please make sure to dispose of your trash.
