### Resource Spotlight: PAEasy

The TUC library has an array of testing resources available for students whenever certifications and recertifications are underway. This month's Electronic Resource highlight is PAEasy.

PAEasy is primarily a tool for our Physician Assistant program. It's rated as one of the best study resources for the PANCE/PANRE exams. Some of its amazing features include:

- Comprehensive Practice - practice questions covering the most important areas you need to study
- Adaptive Preparation - adapts based on your testing experience; concentrating on what you don't know.
- Dashboard – track your progress and resume any test where you last left off.
- Study Plan – create your own custom study plan.
- Skills Report – display a proficiency report for all tested subject areas.
- Personalized Reporting – review your results and receive detailed explanations.
- Accessible online any time

To access the TUC library's version of PAEasy, go to the [library databases page](#) and scroll down to PAEasy. Or access the link on the [Physician Assistant Resource Guide homepage](#). First-time users need to create an account.

### Pharmacy Book of the Month

This month we are highlighting the ebook [The Pharmacist in Public Health: Education, Applications, and Opportunities](#) by Hoai-An Truong, James L. Bresette, Jill A. Sellers. This book is an excellent guide for anyone interested in learning about opportunities for pharmacists in public health. It provides information about roles for pharmacists in practice areas such as medication therapy management, global health, correctional pharmacy, rural health, and telepharmacy. This book also provides an overview of the history and evolution of pharmacist's public health education as well as details about current trends, topics, and opportunities in public health pharmacy practice.

Students, Faculty, and Staff can access this book by searching for the title or author in the [TUC Catalog](#) or by following the link below:

## PsychiatryOnline eBook of the Month

[\*The Inseparable Nature of Love and Aggression: Clinical and Theoretical Perspectives\*](#)

By Otto F. Kernberg, M.D.

Every month PsychiatryOnline.org offers the TUC community access in PDF format to a free book on a Psychology related topic. This month's topic focuses on Dr. Otto F. Kernberg's extensive work on the nature of love and aggression.

Dr. Kernberg is the Director at the Personality Disorders Institute and Professor of Psychiatry at Weill Cornell Medical College in New York and has written over twenty books in his field. The title, he explains is in the Introduction is influenced by Freud's drive theories. Kernberg divides his book into five parts, in Part I, he discusses severe Personality Disorders, in Part II, he examines Reflections on Psychoanalytic Theory and its Applications, in Part III, he focuses on The Psychology of Sexual Love, in Part IV, Kernberg discusses Contemporary Challenges for Psychoanalysis, and in Part V, he explains The Psychology of Religious Experience. The book contains an index for easy name, subject and term look-up reference.
