

Library Newsletter for February 2015

Each month the Library sends a brief online newsletter sharing news and resources that are of interest to the Touro University California community.

News Briefs:

New Library Food and Drink Policy effective March 2, 2015: Please note that on Monday, March 2, a new Library Food and Drink Policy will be implemented. The new policy was approved earlier this month by the TUC Executive Council and has been endorsed by the SGA and by the Library Committee. The major change is that no food (beverages are o.k.) should be consumed in the Silent Reading Area on the Library north side. This change came about because of complaints we received in the Library that the unwrapping of and eating of food in the Silent Area was disruptive to other students trying to study there. Please read the [full policy](#) attached to this email. If you have any questions, please ask the Library Director, Tamara Trujillo. (tamara.trujillo@tu.edu or 707-638-5314).

We are trying to maintain a pleasant and comfortable Library environment for everyone. Thank you very much for your cooperation.

Lexicomp Mobile Codes for Faculty: The Library has a limited number of Lexicomp Mobile access codes available to faculty. Please contact Dorothy May (dorothy.may@tu.edu), Access Services Librarian for more information. Lexicomp is a provider of drug information and clinical content for the healthcare industry. Lexicomp provides tools necessary to help improve patient safety, ensure compliance, and elevate the quality of care patients receive.

TUC students, faculty, and staff may access the web version of the Lexicomp database through the Library's [databases](#) page.

Reporting Access Problems off-campus: The Library has been experiencing intermittent access issues related to the ClinicalKey Database. If you are unable to access the database through the Library's website please contact Dorothy May (dorothy.may@tu.edu), the Library's Access Services Librarian and report the type of error message the database displayed, time of day, type of device, and type of web browser you were using when the problem occurred.

Coming Soon—New Resource Trial: Upcoming soon is a trial of [USMLE Easy](#). This e-resource will be tested in all the Touro health science libraries including at TUC. We

are very interested in hearing your response to this product. The start of the trial will be announced on the TUC Library website. Watch for it there.

New Acquisitions

New Additions to the Library Collections for the Month

Each month the Library compiles and publishes a list of all new titles in all formats added to the Library collection. See the [full list of titles](#) added to the Library in January 2015.

New Journal: Behavior Analysis—Coming Soon! New from the American Psychological Association and new to the TUC Library is the online multidisciplinary journal: *Behavior Analysis: Research and Practice*. The purpose of the journal is to increase communication between those involved in the study, research, teaching of behavior analysis and their counterparts in psychology. The journal is divided into two parts: 1. Behavior Analysis Today and 2. Behavioral Consultation and Therapy. The journal “publishes original research, reviews of the discipline, theoretical and conceptual work, applied research, program descriptions, research in organization and the community, clinical work, and curricular developments.”

Need a Break from Studying?

The TUC Library maintains a small, select Leisure Collection of award-winning fiction, non-fiction books, and DVDs to provide breaks from studying and textbooks. Popular each year is the DVD purchases of the Oscar-nominated “Best Pictures.” The movies nominated this year for the “Best Picture” Oscar are listed below. The movies that are either available in the Library or are on order are so marked. The Library will order the other movies as soon as they are released in DVD format.

American Sniper -- *not released yet as DVD*

Birdman – *on order*

Boyhood – *on order*

The Grand Budapest Hotel – *TUC Library has*

The Imitation Game – *not released yet as DVD*

Selma – *not released yet as DVD*

The Theory of Everything – *on order*

Whiplash – *on order*

Natural Standard title and contents changes: The database *Natural Standard* is now *Natural Medicines*. Recently, Natural Standard and the Natural Medicine Comprehensive Database were combined to form Natural Medicines. The new resources in Natural Medicines include databases covering Food, Herbs & Supplements, Health & Wellness, and Comparative Effectiveness, Interaction and

Effectiveness Checkers as well as a Nutrient Depletion review. Continuing Education and an interactive message board are also available. This is one of the best resources to use to quickly find and evaluate the evidence for the effectiveness of herbs and supplements.

Netters new edition: The interactive version of [Netter's Atlas of Human Anatomy, Professional Edition, 6th Edition](#), is now available! Plates and images can be downloaded into presentation software, with or without labels. The current Sixth Edition includes fifty additional bonus plates from previous editions, sample videos, correlative imaging, muscle tables, and 3D models and videos. The [Fifth Edition](#) is still accessible. Have questions? Contact a [Librarian](#).

Resource Spotlight

EdITLib is an online resource for peer-reviewed research on Education Technology and E-Learning. Some of resources available are journal articles, conference papers, reports, dissertations, keynote talks and presentation slides. EdITLib is sponsored by the Association for the Advancement of Computing in Education, which is an international non-profit educational organization promoting the advancement of Education Technology and E-Learning.

ProQuest Dissertations and Theses: is an online database for doctoral dissertations and master's thesis in multidisciplinary subjects. Currently, there are 3 million dissertations and theses available, with an additional 80,000 full text dissertations and theses added each year.

Library Hours

The Library will be open normal operating hours. If you want more detailed information on the TUC Library's operating hours please visit the Library's [website](#).

Lost and Found Items in the Library (as of 02/17/15)

ITEM	DESCRIPTION
