

LIBRARY NEWS FOR OCTOBER 2018

Thank You!

We are now well into the fall semester and everyone is buckling down and working hard. We would like to thank you for your patience and cooperation with Silent Side closures as we accommodate displaced classes during the IT renovation Project. And, as always, thank you for helping us make the Library a welcome place to come and study, as well as take breaks from all your hard work.

Welcoming the Fall

Now that it's officially fall and soon the weather will be changing, don't forget that the library is open until 1 PM every day. Come study with us, and stay warm and cozy inside, as the weather cools and rainy season begins (fingers crossed!). Food and drinks are allowed in the Collaborative/South side of the library, and covered drinks are allowed in Silent/North side. Just remember to clean up your area before you leave.

Also,

HAPPY HALLOWEEN!

Please read on to find out what's new at the Library!

A FEW IMPORTANT REMINDERS

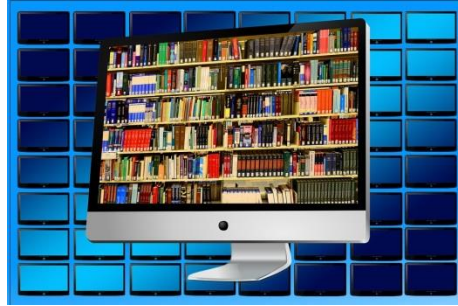

Interlibrary Loans

Looking for an article or book we don't have? No, problem! If you fill out an [interlibrary loan form](#) we can very likely get it for you. For electronic resources, we can typically get them within 48 hours, and they will be delivered directly to the inbox of the email address you provide. For print items, the wait is a bit longer – 2-4 weeks – and you must come to the Library to pick them up.

This service is available to TUC students, staff, faculty, and adjunct faculty. It is FREE and there is no limit to the number of requests you can make. So, don't give up if we don't have what you are looking for; get an interlibrary loan!

Trouble Accessing Resources?

If so, you aren't alone. Lately, there have been increased incidences of proxy errors and misbehaving websites when accessing the Library's electronic resources. This appears to be due to upgrades being performed on the servers and will hopefully clear up once that work is completed. However, luckily, most of the issues can be quickly and easily resolved by clearing your cache. So, if you run into trouble accessing for that article or book you need or you can't get into that database to research, clear your cache and try again. If the issue still isn't resolved, contact our Electronic Resources Librarian, [Julie Horwath](#) for help.
